The Board of Managers is proud to announce the launching of our new web site:
www.oceanwoodssi.com

It is currently designed in five sections:

- ↪ Home & Location Pages.
- ↪ Meet Your Neighbors, Board of Managers & Management Company Pages.
- ↪ Contact Us Page.
- ↪ Meeting Minutes and Documents Pages.
- ↪ Community News and Events Pages.

The site is in an “Under Development”/Beta state. A great deal of content needs to be added and more importantly, your input and comments are critically needed. You may provide comments from the “Contact Us” Page.

Web Site Design Committee

We would like to form a homeowners Web Site Design Committee to insure that this site addresses your needs. Please email Jerry LePre at jerrylepre@oceanwoodssi.com if you would like to participate in the Web Site Design Committee. Your active participation will enrich our site.

Meet Your Neighbors Section

The Meet Your Neighbors Section will consist of a listing of all homeowners and residents who are willing to be listed. Over the last three months, many of us have developed a stronger relationship with our neighbors. It would be great if everyone in our community bonded together stronger than ever before.

To be listed please complete and detach the form below and deliver to Jerry LePre at 900 Patterson Avenue or email the information to Jerry at jerrylepre@oceanwoodssi.com.

Thank you in advance for your help and comments,
Four Board of Managers
